RELEVANT EXPERIENCE

Front-end Developer
LaunchDarkly.com | GitHub | 2017 - present

- Rewrite full marketing app into reusable React components with Gatsby.js (JavaScript JSX, GraphQL & external APIs)
- Configure end-to-end tests with Cypress and continuous integration (CircleCI), AWS and Github
- Fully integrate experimentation (A/B/n), dozens of analytics tools (GA, Pardot, Segment) & write custom cookies and UTM tracking to drive conversions
- Email development & cross-platform testing
- Create pixel-perfect, responsive CSS in close concert with a team of 3 designers
- Winner of quarterly moonshots internal hackathon

Contractor Front-end Developer
Opionato.com | 2017

- Sole developer of React.js single-page application (SPA) of a dashboard for customer survey results.

Creator | Open Source Maintainer
FrontEndTrivia.com | GitHub | 2017

- Created, built and open-sourced (50+ contributors | 70+ forks on Github) front end-focused trivia card app

Senior Analyst
HarvestPlus | Washington, D.C. | 2013 - 2017

- Led team of 12 technical experts to design and oversee a $5 million agriculture project across Bangladesh, Pakistan, Kenya and Tanzania.
- Designed and facilitated annual project planning workshops with 50+ participants in Ethiopia, Germany and Rwanda.
- Brokered partnerships to scale HarvestPlus' crop varieties with dozens of international development consulting firms and NGOs across 25+ countries.

SKILLS

JavaScript
React
GraphQL
Node
Gatsby
CSS3/SASS
HTML5
Webpack
Cypress
CI
A/b testing
A11y
Headless CMS
Git

EDUCATION

M.A. Anthropology
Georgia State University

B.A. Anthropology
University of Mississippi

COMMUNITY
